Swamp Milkweed:

Plant Specifications: 1 gallon \$15.00 each

Botanical Name: Asclepias Incarnata "Swamp Milkweed"

Zone: 3a-8b

Height Average: 4-6ft

Spread: 15-18 "

Habit: Perennial

Culture: Full Sun, will tolerate part shade

Flower: Beautiful lavender flowers, blooms all Summer

Comments: Non-invasive, long bloom period, monarch host plant

'Bubblegum Pink' Phlox

Plant Specifications: 1 gallon \$16.00 each

Botanical Name: Phlox Hybrid 'bubblegum pink'

Zone: 4-8

Height Average: 1-2ft

Average Width: 1-2ft

Habit: Perennial

Culture: Full Sun, will tolerate part shade

Flower: brings large cone shaped clusters in bright 'bubblegum pink' color. Blooms summer thru Fall

Comments: Butterfly nectar plant, hummingbird attractor, mildew resistant

'Windy City' Allium

Plant Specifications: 1 gallon \$16.00 each

Botanical Name: Allium Hybrid 'Windy City' – ornamental onion

Zone: 4-8

Height Average: 2ft

Average Width: 2ft

Habit: Perennial

Culture: Full Sun, will tolerate part shade

Flower: Its globe-shaped, rich jewel toned rosy-purple flowers add a perky, colorful focus to your summer garden

Comments: Butterfly nectar plant, deer resistant, rabbit resistant

'Chrysalis Cranberry' Butterfly Bushes

Plant Specifications: 1 gallon \$18.95 each

Botanical Name: Buddleia Hybrid 'Chrysalis Cranberry'

Zone: 5-9

Height Average: 2ft

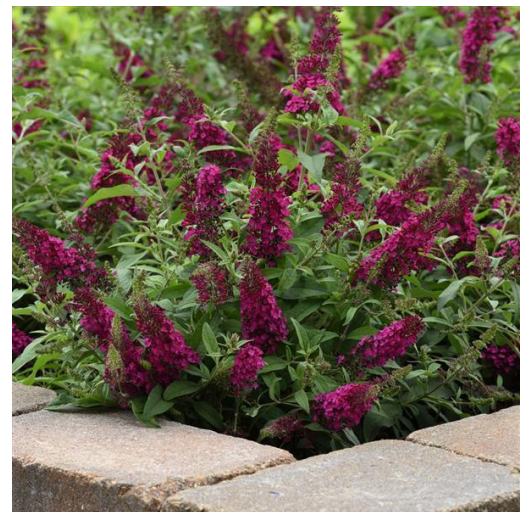

Average Width: 2ft

Habit: Perennial

Culture: Full Sun, will tolerate part shade

Flower: Bred and selected for its abundance of flowers that attracts butterflies. Compact series provides continuous blooming from Spring through late Summer.

Comments: Attracts Bees, Attracts Butterflies, Deer Resistant, Attracts Hummingbirds, Low Maintenance, Frost Tolerant

‘American Gold Rush’ Black eyed Susan

Plant Specifications: 1 gallon \$18.00 each

Botanical Name: Rudbeckia ‘American Gold Rush’

Zone: 4-9

Height Average: 2-3ft

Average Width: 2-3ft

Habit: Perennial

Culture: Full Sun

Flower: Cheerful yellow blooms, long lasting prolific flowering

Comments: Butterfly nectar plant, deer resistant, drought tolerant, easy care

‘Fashionably early Flamingo’ Phlox

Plant Specifications: 1 gallon \$16.00 each

Botanical Name: Phlox Hybrid ‘fashionably early flamingo’

Zone: 4-8

Height Average: 3-4ft

Average Width: 2-3ft

Habit: Perennial

Culture: Full Sun, will tolerate part shade

Flower: ‘Fashionably Early Flamingo’ is a taller variety of Hybrid Phlox that will work best for the middle to back of the border. In addition to being early blooming, it boasts a long season of color. Perfectly defined panicles of light lavender pink flowers bloom prolifically well into midsummer with some rebloom in fall. Broad, thick, bright green foliage stays beautiful all season.

Comments: Butterfly nectar plant, mildew resistant

‘Autumn Gold’ Helianthus

Plant Specifications: 1 gallon \$16.00 each

Botanical Name: Helianthus dwarf ‘autumn gold’

Zone: 4-8

Height Average: 2-2.5ft

Average Width: 2-2.5ft

Habit: Perennial

Culture: Full Sun, will tolerate part shade

Flower: Once Fall arrives, the plants are completely covered with golden-yellow flowers until hard frost.

Comments: Butterfly nectar plant, mildew resistant. A wonderful addition to the perennial garden. Narrow, dark-green leaves give the plant a shrub-like appearance during Spring and Summer. Once Fall arrives, the plants are completely covered with golden-yellow flowers until hard frost.

‘Karl Foerster’ Calamagrostis

Plant Specifications: 1 gallon \$16.00 each

Botanical Name: Calamagrostis ‘Karl Foerster’

Zone: 4-7

Height Average: 3-5ft

Average Width: 1.5-2.5ft

Habit: Perennial

Culture: prefers Full sun

Flower: Ornamental grass with purple/pink cone fluffs - provides color nearly year round

Comments: Low maintenance, reward winning perennial plant of the year (2001)

Aster 'Woods Blue'

Plant Specifications: 1 gallon \$17.00 each

Botanical Name: Aster 'woods blue'

Zone: 4-8

Height Average: 8-12"

Average Width: 12-16"

Habit: Perennial

Culture: Full Sun

Flower: The rich, gentian blue flowers with yellow centers of Aster Woods Blue provide a spectacular show in a sunny cottage garden. Nice clean, fine-textured foliage all season.

Comments: Butterfly nectar plant, very round mounding, Blooms late Summer to Fall – perfect for migratory monarchs!

****PLUS a host plant to the Pearl Crescent Butterfly!!**
